To whom it may concern,

I am writing this letter in support of Dr. Ori Harel and her application to your company. I worked closely with Ori as the coordinator at Cluster of Excellence “Centre for the Advanced Study of Collective Behavior” and can recommend her unreservedly. Ori is a highly valued instructor on mental health and appreciated by all participants.

The academic demands combined with the lives of (post-) corona created the need for communal strategies: more support, empowerment, and sufficient enrichment with tools for strengthening mental strength, resilience, coping with stress, and other soft skills needed for academic success. Ori supported our research community in times of stress due to the pandemic and its influence on the productivity of research. She guided members through this uniquely stressful period and provided individual support when required. All sessions were tailored to the needs and wishes of the participants and adjusted accordingly to the groups demands. The flexibility and adjustment were highly appreciated by the community.

Based on my work experience with Ori, I feel highly confident of recommending her wholeheartedly for this position and believe Ori will be a great fit. If you would like to speak further about my experience working with Ori, please email me at [Felicia.Afriyie@uni-konstanz.de](mailto:Felicia.Afriyie@uni-konstanz.de) at any given moment.

Sincerely,

A handwritten signature in black ink, appearing to be 'FA'.

Felicia Afriyie (she/her)
